

We Want Information!

WHO SELLS THE READY-MIXED PAINT IN YOUR COMMUNITY?

You will write us and tell us that Mr. So-and-So sells all the Paint in your town or neighborhood. And we will say to you that he is a "Live Wire," for there's a nice profit in Ready-Mixed Paint. How many houses need painting in your community? How much Wagon Paint, Carriage Paint, or Shingle Stain could you sell if you hustled around, and tried real hard? You don't know—never tried. Well, now, you just listen: Our demand has been so great this spring for Ready-Mixed Paint that we have purchased a carload from the True-Tagg Paint Company of Memphis, Tenn., whom we found, after comparing many lines as to formula, durability, covering capacity and economy, to make the best on the market. We found them to be perfectly reliable and honest manufacturers, and in recommending their line of paints to you, we stake our past reputation, and future expectations, on these goods. So step up the street, or around the corner, or get in your buggy and drive out and see that fellow who needs paint, sell him, then we will supply your needs. We know we are right when it comes to price, we know we are right when quality of goods are considered. Write us, or ask our salesmen. "They know."

GAYOSO LIQUID PAINT.

A reliable, economical and durable paint, heavy bodied and possessing exceptional covering capacity and durability.

This paint is composed of a proper combination of the most durable materials in such proportions as experience has demonstrated will produce satisfactory results for general use. It is intended for all classes of interior and exterior painting.

It has good body, therefore will cover perfectly. It dries hard with a high gloss, works smoothly and will prove more economical and durable THAN LEAD AND OIL MIXED BY HAND.

GAYOSO LIQUID PAINT is made in 36 beautiful shades, also outside and inside White and Black.

TRUE'S CARRIAGE PAINT.

Dries With a Handsome Gloss.

A first-class Color Varnish Paint, suitable for repainting all kinds of vehicles or anything that requires a rich, durable, high-class finish. Can be used both for inside and outside work, such as Buggies, Wagons, Implements, Chairs, Lawn Seats, Tools, Iron Fences, Store Fronts, Etc. Made in eight colors and put up in handsomely labeled cans.

TRUE'S WAGON PAINT.

Dries With a Durable Finish.

An excellent high-class Color Varnish Paint, suitable for finishing all kinds of Implements that are exposed to the weather. These goods can be used on Wagons, Carts, Plows, Tools, Saw Mill Carriages, Store Fronts and all kinds of Wood and Iron Surfaces.

Henry Wynn, Jr., 8 days, lockjaw.

Her Job Safe: "If you keep on annoying the mistress," said the butler, "she's liable to discharge you." "She can't," replied the cook. "We had a quarrel this morning and we're not on speaking terms."

Salves Can't Cure Eczema

In regard to skin diseases, medical authorities are now agreed on this: Don't implore the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply.

A true cure of all eczematous disease can be brought about only by using the healing agents in the form of a liquid.

WASH THE GERMS OUT.

A simple wash: A compound of Oil of Wintergreen, Thymol and other ingredients as combined in the D.D.D. Prescription. This penetrates to the

disease germs and destroys them, then soothes and heals the skin as nothing else has ever done.

A 25 cent trial bottle will start the cure and give you instant relief.

We have made fast friends of more than one family by recommending this D.D.D. Prescription to a skin sufferer here and there, and we want you to try it now on our positive no pay guarantee.

EXPLAINS THE WORK OF THE TOMATO CLUBS

L. W. HARDY, ORGANIZER OF THE CLUBS, TELLS OF WORK TO BE DONE BY THEM AND RULES APPLIED IN THE CONTESTS.

On account of the many inquiries about the work of the Girl's Tomato Clubs, which are being organized by L. W. Hardy throughout the county, Mr. Hardy has prepared for The Journal an interview in which he explains the objects, purposes, etc., of the work along this line among the girls.

Mr. Hardy explains the proposition in the following manner:

"The object of the girls' demonstration work is to stimulate interest and wholesome co-operation among members of the family in the home, to provide some means by which the girls may earn money at home and at the same time get the education and viewpoint necessary for the ideal farm life, to encourage rural families to provide more and better food at a lower cost and to utilize waste products of the garden and orchard. Girls joining the club must be between 10 and 18 years of age. No girl will be eligible to receive a prize unless she becomes a member of the club and plants one-tenth of an acre.

In estimating profits the following uniform prices must be used: One dollar for rent of land, ten cents for each hour worked, two dollars a ton for stable manure and actual cost for commercial fertilizer and other things furnished the garden. The product must be carefully measured and two disinterested witnesses must attest the report submitted at the close of the season.

Prizes and Awards.
"The award of prizes and honors shall be based on fresh and canned products of the garden according to the following schedule: Quantity, 20 points; quality, 20 points; variety, 20 points; profits, 20 points; history, 20 points.

"The Commercial Association offers the following prizes: For the best display, \$10; second best, \$7.50; third best, \$5; fourth best, \$2.50.

"I earnestly urge every girl who joins a club to put forth her best efforts to learn and to become skillful. It is a good thing to know about the soil, plants and nature. It is an accomplishment also to learn the arts of cooking and housekeeping. A girl who does this work well will take a decided step towards self-improvement and efficiency. I wonder if any of the business houses or anyone else would offer a special premium for the girls. This is one of the best steps that has been taken to help the girls."

JUST BY THE WAY

On the Bounding Waves.
Mamma—Is your attack of seasickness any better, dear?
Dottie—No, I've been and unswallowing all my dinner!

At the Boarding House.
"This is the worst steak I ever tasted!"
"Why are you eating it, then?"
"So the landlady will have to buy another one tomorrow. The next may be better. It can't be worse!"

The Dear Ladies.
Miss Noctile (cordially)—How do you do, Mrs. Mustahd?
Mrs. De Mustahd (haughtily)—You have the advantage of me, madam.

Miss Noctile (pointedly)—I certainly have, in manners. Good afternoon!

An Accident.
Her burning blush kindled.
The powder on her face.
We all rushed in, affrighted.
At the rear that shook the place!
I think it blew her brains out—
That awful burst of flame.
For ever since that night, somehow
She hasn't seemed the same!

Insolvent.
Hobbiety—Olin says that all he has to owe to his dear old father.
Hoy—Well, he owes a lot more than he has to me.

Run in the Family.
"You are smitten at an early age," said the beautiful girl as she slipped at the first mosquito of the season.

without any risk—if it fails to give you absolute satisfaction your money will be returned. "Digestit" is a little tablet easy to swallow and absolutely harmless. It relieves indigestion almost instantly, stops food fermentation, prevents distress after eating and cures dyspepsia. You need it even though you are not sick—it aids digestion and gives you all the nourishment from your food—60c.

Ask at any drug store.
